Principal's Pad – It was great to blend this great week of weather with a full week of school. Thank you for remembering that this was a five day week and we had school today. Earlier this week we had a fire alarm go off which gave us the opportunity to evacuate the building without anyone knowing if it was real or a drill. I started my stopwatch on my phone as we do when we have drills and our building was totally evacuated in about two minutes and twenty seconds. We never know when we'll have to evacuate and I was pleased overall with the job we did evacuating the building.

As I referred to emergencies that sometimes can occur around schools, tomorrow we will be hosting the Sunset Emergency Preparedness Fair. Mr. Laney has done an incredible job making contacts with many vendors, community organizations, and emergency personnel who have committed to being here to share their knowledge with our community. There is no charge for this event and I know that there is something for everyone to learn. Please come by between 9:00 and 3:00 and check it out. Thanks again to Mr. Laney for all his work on this event!

Have a great weekend!
