September 12, 2014

**Principal's Pad** – We had another nice week at school. There is a sense of calmness as we've begun the year. Also, I've noticed a lot of examples of kindness and kids being pleasant to one another. We certainly want to build on this. If every student and adult at Sunset looks for the 'good' in others and we all do the little things that are nice and kind, then we will have the kind of school we want to have.

Our 7<sup>th</sup> grade volleyball team beat Cottage Grove this week and our 7<sup>th</sup> grade football team lost a close game 9-7. The teams played hard and represented our school well.

I talked with our students about 9-11 yesterday and as a school we honored those who lost their lives with a moment of silence. Our oldest 7<sup>th</sup> graders are 13 years old so most all of our students were not born when this tragedy occurred. Our students were very respectful as we had the moment of silence and overall, our students have been very respectful and well behaved during our morning assemblies.

Next Friday all 17 of our classroom teachers and I will be working at the district office on professional development. We are a part of an educational grant from Oregon Department of Education so there will be four Fridays when most of our staff will be out of the building. This work we are taking on will help all of us grow and next year, Sunset School will be a site for educators from all over Southern Oregon to visit and observe so they can learn more about effective instructional practices. We are honored to be a part of this opportunity.

Have a great weekend,

Dale Inskeep, Principal
