January 23, 2014

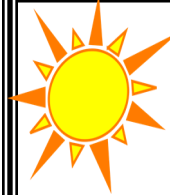

**Principal's Pad** – This short week marks the end of our first semester and tomorrow our teachers are working hard on their students' report cards. Actually, most of our teachers have been working hard on their own time getting report cards ready! Using proficiency grading in our district and school means that your child's report card might look different than what you've been used to. Our Common Core Standards at each grade level are what guide our instructional planning and they are also reflected on the report card. Some standards have either not been taught/assessed yet or have been just touched upon. It is not out of the ordinary for students to not be proficient in a grade level standard half way through the school year. If you have any questions about proficiency grading, the report cards, or anything else school related, please don't hesitate to give me a call or stop by and I would be happy to do my best to answer questions and talk about the things we are doing at Sunset.

Have a great weekend,

Dale Inskeep, principal

## Sunset Students Rock

If your students mailing address or phone number has changed please call the office. Report cards will be mailed out in late January and we need your current information.

### JANUARY

24 End of 1st Semester –  
24 NO SCHOOL

### FEBRUARY

13 PTSA Mtg—Library 5:00 pm  
13 100th Day of School  
14 Valentines Day  
17 NO SCHOOL—President's Day

### Your Support Helps Coos Bay Students Succeed

You are invited to join the Coos Bay Facilities Outreach Committee as we seek community input in developing plans for the future of Coos Bay Schools.

**We will be holding a workshop on January 25<sup>th</sup> from 9:00 AM– 3:00 PM in the Library at Marshfield High School with a complimentary lunch provided at 12:00.**

The committee is looking for community input on facilities and grade configurations that support student achievement. Our goal for the day is to develop tangible solutions the District can further explore and then apply to our school buildings. It's important to include everyone in this discussion about the future of our children and community. Your involvement and support will make all the difference.

Please RSVP to Peggy Ahlgrim at 541 267-1310

support

## Bringing the Moon Closer to Earth

Moon rocks and meteorites are landing in Coos Bay! The community is invited to attend Science Space Night and view NASA lunar samples and meteorites that will be on display February 11<sup>th</sup> from 6:00 – 8:00 PM at Sunset Middle School.

This is a free event for all ages full of fun educational activities and Moon Pies as well!

This is a rare opportunity to view lunar rocks and meteorites and learn about our solar system, right in our home town. We hope you can join us.

For more information, please contact Denese Hale at 541-267-1318 or [deneseh@coos-bay.k12.or.us](mailto:deneseh@coos-bay.k12.or.us)

## Fine and Performing Arts in Coos Bay Schools

Coos Bay School District would like to invite staff, parents and community members to join us to plan the future of Fine and Performing Arts in the Coos Bay Schools. The meeting will be held in the Drama Lab at Marshfield High School on Friday, February 7<sup>th</sup> from 3:30 – 4:30 PM with time for Q & A following the meeting. The purpose of this meeting is to look at the current fine and performing arts programs and to set a one and five year vision for them.

If you would like more information, please contact Peggy Ahlgrim at 541-267-1310.
