Principal's Pad –

This has been a busy week with a lot happening. It was great seeing so many Sunset families at the Science Night we were fortunate enough to host. The activities were great and folks were waiting in pretty long lines to make rockets, see moon rocks, use technology, browse books, and many other 'spacey' learning activities. We had well over 500 people at our school and it was full of learning and smiles. Thanks for coming! We had our second of three visits from our resident artists who worked with all of our students on drawing the human face. Maybe your child would like to draw a portrait of you? This is a great program and we are very thankful for our local artists and our Coos Art Museum for their support. Our 6th graders looked great all dressed up yesterday as they went to OCCI at SWOCC to explore some great food while using proper manners and etiquette. Learning opportunities for our students do not stop at the sidewalks around our school but extend into our community.

Please remember to turn in your fundraiser envelopes on Tuesday, which is the deadline for our fundraiser. The money raised in our PTSA fundraiser helps us to provide opportunities for our students that we wouldn't be able to otherwise so your support is very much appreciated.

I would really like to have more parents participate in our Site Council. We meet on the last Monday of every month in our library and our next meeting is February 24th. We will be finalizing and reviewing our school's proposal to the district for our budget expenditures for next year. This is a new process this year and I'm excited for this opportunity. Our staff have been having conversations about our budget and today I provided our staff with specific budget item costs from the last three years as well as a general proposal for next year. Our site council will make the final review and I will submit it to our Business Office by March 1st. Even if you don't participate on our site council, you are more than welcome to give me a call or stop by if you have suggestions or recommendations for specific expenditures for next year. Thanks for all you do!

Enjoy your holiday weekend!
