Principal's Pad – Today our morning assembly went longer than usual because there were so many positive achievements by our students and we were able to recognize many of them in front of our student body today. We recognized and had a drawing for our students who helped with our fundraiser. Thanks to our PTSA and all the families who were able to participate in our fundraiser which allows us to provide special learning opportunities for our students. Our 7th grade basketball team beat Siuslaw yesterday and the team has really worked hard to improve every day. Coach Roundy and these young men have been a classy team with great sportsmanship, representing Sunset School and our community very well. Also, many students have been working hard in our LAPS program regardless of the weather to get to the next benchmark of running laps and we recognize those achievements every Friday.

Yesterday, our **'Mathletes'** competed in a math competition at the Boys and Girls Club against many schools from our county and our Sunset team, coached by our very own **Mr. Giniger**, took 3rd place leading our district and beating many other schools throughout our county. Our team represented our school and community very well and I am very proud of all of them. **Mr. Giniger** led our team in their efforts and I wanted to recognize our team in our bulletin as we did in our assembly this morning. Our Mathcounts team members are: **Marcus Rosta, Troy Liggett, Kinnidi West, Sierra Cobb, Daisy Thompson, Raylynn Scott, Jonathan Standlee, Anna Hutchins, and AJ Kliewer who also placed 10th overall individually.** It is so awesome to have so many positive examples of our students doing great things. I'm very proud of all of them.

Thanks for all you do and have a fantastic weekend!
