Principal's Pad –

Thanks to all the staff, parents and students for making our first week so successful. We went from station to station around the building our first day to review expectations for appropriate and safe behavior and our students were great listeners who have been demonstrating good manners and behaviors this week. We're trying something different this year, at least to begin the year, by having different activities to choose from before school begins and not having a school wide morning assembly every day. I'm very pleased with how well things have gone and I am looking forward to a fantastic school year. If you ever have any questions or concerns, please don't hesitate to give me a call or stop on by for a visit. Thanks again to all of our parents for your support in making it a great beginning to our school year.

Have a great weekend!
Dale Inskeep

After school arrangements—If there is a change of plans for your student you will need to call the school office BEFORE 2:15pm to guarantee that your child will be notified of the change.

Appointments—If your child has an appointment during the school day, please send a note to school so the teachers know when to release them from class.

Sunset School Office hours
7:00am-3:30pm

- 29 Picture retakes

Counseling Corner.. We have had such a great beginning to the school year. I really enjoyed greeting all the returning students and meeting all the new students to Sunset including all of our 4th graders.

As the Sunset Counselor, I will be here for your students if they need help solving conflicts, dealing with friendship issues, solving social problems and working with the teachers when there are behavior issues.

I spend time in the classrooms doing lessons in social skills, anti-bullying curriculum, friendship skills, goal setting and career information, to name a few.

I will be including an article in each weekly newsletter to share information with you. I look forward to meeting you and working with your students.

If you ever need to talk to me about your child or have questions please contact me at 541-888-1241.
