Principal's Pad – I hope all of you are going to be able to take advantage of our spring break and spend time with your children doing something fun like enjoying the longer days, playing some baseball, hanging out at the beach, or just simply relaxing and sleeping in on weekdays. Spring break is a good time for kids and adults to rest up and replenish our energy so we have the best possible remainder of our school year.

I would really like to have more parents involved in our site council. Our site council makes decisions and reviews a variety of things for our school. We review achievement data, plan professional development for our staff, discuss how we use our Title One funds to improve achievement, set goals for school improvement, as well as other activities and operations of our school. Our next site council is the day we return to school, March 31st right after school in our library. If you are interested and willing, please stop by, give me a call, or just show up on the 31st and join us.

Have a great break!

Dale Inskeep
